Paphos

Paphos, on the west coast of Cyprus, has a wealth of monuments to visit including the intriguing Tombs of the Kings, the extremely well preserved mosaics of The House of Dionysos and other ancient buildings, an amphitheatre and several fascinating churches. In addition, it offers a highly attractive harbour, from which a variety of boat trips depart, an extended beach area and a wonderful array of shops, including a permanent market selling fruits, vegetables and livestock, fashionable boutiques and a number of stores selling exceptionally good value leather goods. A paradise for shoe-shoppers, it also offers unexpected bargains for the visually challenged, containing many inexpensive opticians. An extremely popular low season resort, Paphos is accessible from both Paphos and Larnaca airports.

Paphos Fort

Cyprus

'Aphrodite's Island of Love' is adored by many Personal Touch guests. Tucked away in the top right hand corner of the Mediterranean, the island is easily accessible by charter and scheduled flights, yet on arrival in this magical paradise one feels far removed from the pressures of European life. The genuine Cypriot hospitality will astound you, from shopkeepers offering you a drink whilst you select your purchase to locals chatting to you in the street about the marvellous weather. Special mentions should be made of the Cypriot "meze" cuisine, which is simply mouth-watering, and of the archaeological sites surrounding Paphos, which are fascinating. To ensure the trip of a lifetime, why not treat yourself to a 2-day cruise to neighbouring Egypt to visit the Cairo Museum, Tutankhamun's treasures and the Sphinx and Pyramids of Giza?

Optional Excursion Possibilities

A Traditional Cypriot Taverna:

Enjoy a traditional Cypriot meze in a typical rural village. Many freshly prepared local dishes are offered, all washed down with the delicious village wine, accompanied by Greek and Cypriot folk dancing and music.

Kyrenia & Northern Cyprus:

We travel to the Turkish north of Cyprus to enjoy the stunning scenery presented by the castle-topped Five Fingered Mountains and the ancient city port of Kyrenia. En route we visit the beautifully located Bellapais Abbey.

Nicosia:

Nicosia is the only divided capital in the world. Visit St John's Cathedral, the 16th-century city walls and the old pedestrian neighbourhood 'Laiki Yetonia' before crossing the Green Line to Saint Sofia, the local Mosque and Buyuk Han, a 16th-century Turkish inn.
