Calpe Beach

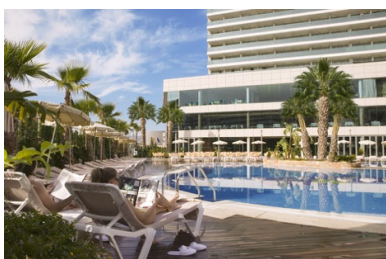

The Costa Blanca is renowned for its year round sunshine and expansive sandy beaches. Moreover Calpe, where this holiday is based, is an attractive unspoilt resort, benefiting from a mountain backdrop, excellent facilities, and the fact that it houses two protected nature reserves. The resort area of the town is totally flat and features two beautiful beaches, a delightful promenade and many bars and restaurants. The old town sits on a hilltop just behind the resort and comprises a fascinating little warren of historic alleyways and squares, several of which have been recently restored. Also to be found in the old town is the interesting little municipal museum. The hotel at which the holiday is based is located close to the sea in the resort area and is the highly impressive, flagship property of the town's leading hotel chain. Its two stand-out features are its delightful spa area and its two highly attractive ballrooms.

EXCURSION POSSIBILITIES

Valencia Ancient & Modern – Established by the Romans as the colony of Valentia in the 2nd century BC, Valencia today is the capital city of the semi-autonomous region of Valencia and the third most populous city in Spain. One of the very largest cities in the Mediterranean in medieval times, it retains much attractive historic architecture to this day. In stark contrast to this, modern Valencia has benefitted hugely from the 20th century architectural innovations of its most celebrated architect son, Santiago Calatrava, who was responsible for many of the eye-catching buildings within the city's Park of Arts & Sciences. We shall visit both the historic centre of the city and its Park of Arts & Sciences during our tour.
